DETAILED ACTION

1. In response to the communications dated 11/24/2003 through 07/15/2004, claims 1-19 are active in this application.

Acknowledges

2. Receipt is acknowledged of the following items from the Applicant.
 - a. Information Disclosure Statement (IDS) filed on 11/24/2003 and made of record as Paper No. 1103. The references cited on the PTOL 1449 form have been considered.
 - b. This application is a Divisional of the co-pending Application Serial No. 09/755,935 filed 01/05/2001, now patent No 6,657,300, which is a continuation-in-part of application no. 09/092,065 filed 06/05/1998, now abandoned.

Election/Restrictions

3. Application's election to prosecute the invention of Group I, claims 7-19, drawn to semiconductor devices in the Response to Restriction Requirement filed 07/15/2004, is acknowledged.

Because Applicant did not distinctly and specifically point out the supposed error in the restriction requirement, the election has been treated as an election **without traverse** (MPEP § 818.03(a)).

Claims 1-6 is/are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a non-elected group there being no allowable generic or linking claim.

Applicant has the right to file a divisional application covering the subject matter of the non-elected claims.

Examiner's Amendment

4. An examiner's amendment to the record appears below. Should the changes and /or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.3.12. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee:

This application is in condition for allowance except for the presence of claims 1-6 drawn to invention(s) non-elected without traverse (see above). Accordingly, **claim(s) 1-6 have been cancelled** (MPEP § 821.02).

Allowance

5. Claims 7-19 are allowed.

The following is an examiner's statement of reason for allowance:

None of the references of record teaches or suggests the claimed light emitting diode comprising (in addition to the other limitations in the claim) a p-type layer, formed over the active layer, having a varying composition and a varying concentration of a dopant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
